

Senior Warden, May 2022.

I want to thank our Junior Warden for the wonderful job she has been doing in keeping our building maintained. Just when I thought we had everything under control, we have discovered a very high monthly water bill. I was able to have a conversation with a person from the water department and she believes we have water constantly running in the building. The bill for April is once again very high. If we can get this fixed, the city of Flint will reduce these charges 50%. The Junior Warden is contacting a plumber to investigate the problem. If you see any issues in the building, please leave a note for the Junior warden so it can be investigated and fixed.

Remember to refer to the church calendar and add your committee meetings and events. The building is being used more often and we want everyone to have the space they need and also a place to refer to activities one might want to attend.

Will we ever have a perfect sound or/and internet service? Probably not, but Fr Don keeps working on it and the Communication group are available every Sunday to record our morning worship. Thank you.

We have a lot of activities planned for the summer. St Paul's wants to become the face of the community. Try to be a part of these offerings. We are very busy in August but we will also be having a Camp Chick day camp in Flint. Date not yet determined. The Art walk is the second Friday of each month. We are refreshing the garden and it is a wonderful place for reflection. May we be able to see Covid become more manageable and people once again willing to connect with each other.

Being confirmed is a recognition by the child who was baptized as a baby that they are reaffirming those vows. I am so glad that we will have a confirmation service with the Bishop this coming Sunday May 22. It is a wonderful time for the congregation of St Paul's to be able to support these candidates in this next step in their faith journey.

Respectfully submitted, Barbara Mannor
