

Below is our update for Partners!

Partners for Sacred Places does not have major updates to share for this month's vestry meeting. Due to multiple Partners committee members also serving on the Search Committee, the main meeting between the last Vestry meeting and this vestry meeting. Since we meet every 2 weeks, that means that the status of activities is largely the same! Partners activities should wrap in April and the committee is continuing to meet to discuss the best ways to address barriers that St. Paul's faces to better utilize our space. Our next conversation, to be held on March 20th, will focus on *specific* steps the church can take to better open its spaces to members of our communities while advancing our own commonly held goals.

We are looking forward to having a more fulsome update in April! Should anyone have any questions, simply contact Joel Arnold at (810) 358-7886.
